

# Graphic Design Assistant

Measurand is looking for a graphic design assistant to support the creation of visual assets for web and print. The graphic design assistant will be familiar with Adobe Creative Cloud applications, specifically Photoshop, Illustrator, and InDesign. The successful candidate will gain valuable experience in a variety of content marketing activities like the production of content for specialized audiences, social media, and event coordination.

## Responsibilities

- Producing vector-based assets in Illustrator for web and print.
- Editing and re-sizing photos and other visual assets.
- Assist in the development of technical presentations and webinars.
- Supporting with other related duties as assigned.

## Required Skills

- Experience with Adobe Creative Cloud applications like Photoshop and Illustrator
- Excellent oral and written communication skills
- Strong time-management, organizational, and decision-making skills
- Exceptional teamwork and interpersonal skills
- Experience with video and animation is an asset, as is experience with CSS and HTML.
- Post-secondary education in graphic design or related discipline is preferred

Applicants must be post-secondary students registered in the NB SEED program to be eligible for this summer employment opportunity.

To apply, submit your resume and cover letter to Marcia Everett, Human Resource Manager by email to [careers@measurand.com](mailto:careers@measurand.com) with **"Graphic Design Assistant"** in the subject line.

Thank you for your interest in Measurand. While we appreciate the interest of all applicants, only those selected for a screening interview will be contacted.
